COMMERCE FAIR

About The Fair;

With the Balkan Commerce Fair's aimed that exhibitors are built with the Turkish investors providing products and services in infrastructure, transportation, communication, power plants, construction and municipal necessities and with other Turkish companies to collaborate with for investment in these sectors in the Balkans by studying the products and services exhibited at the fair, thereby increasing the volume of business between countries. A major new step will be taken for the joint projects to be undertaken by the public and private Balkan institutions and Turkish contractors and companies that can work as suppliers.
