Subject: Accommodation arrangement for companies attending 2nd BTM in INOTEX2018 in Iran

Dear D-8 Secretariat,

D-8 Technology Transfer and Exchange Network (D-8 TTEN) is pleased to extend its warmest compliments and concerns to D-8 Secretariat. This is to inform you about upcoming **Business Technology Meeting, 2nd BTM in the field of Renewable Energy, Technologies and Achievements**, organized by Iran National Technomart Center (INTC), the Focal Point of Iran in TTEN.

This is to declare officially the facilities for Member States companies participating in 2nd BTM of TTEN hosted by INTC in Tehran in 5-7 July, 2018. INTC as the Iran Focal Point in TTEN will provide accommodation for one person from each company from Member States. Also, D-8 TTEN is raising a pavilion (quorum of eight companies is needed) in INOTEX2018 and presence of companies from Members is freely possible. Moreover, companies may prefer to rent their own booth for which would need to see the website, www.inotex.com.

TTEN Secretariat takes the opportunity to extend the assurances of its highest consideration.

Yours Sincerely,

D-8 TTEN Secretariat
Tehran
