

AIDE MEMOIRE

14th International Gold, Silver and Copper Symposium Lima, May 26 - 28, 2020

Background

In 1994 the Gold Committee of the Sociedad Nacional de Minería, Petróleo y Energía [National Society of Mining, Petroleum and Energy], composed by a group of mining leaders with great vision of the future and determined to have our country take the lead in promoting the development of mining activities and thus achieve an Important position among the top gold producers worldwide, propitiated the organization of *Peru: First International Gold Symposium*.

The success achieved in this first Symposium resulted in a commitment to hold it every two years with the support of the Ministry of Energy and Mines of Peru, the World Gold Council, the Silver Institute, among other institutions, and with the sponsorship of prestigious companies.

The International Gold Symposium has positioned itself as one of the most important international events regarding gold sector mining, geology and finance. Since its ninth edition in 2010, topics related to silver mining were included into the agenda.

Current Situation

The 14th International Gold, Silver and Copper Symposium, organized by the National Society of Mining, Petroleum and Energy, will be held in Lima, from May 26 to 28, 2020 at the Westin Lima Hotel & Convention Center.

As in the past, we will have Round Tables addressing the following subjects:

- Prospects in gold mining led by Roque Benavides
 - Prospects in silver mining chaired by Ignacio Bustamante
 - This year we are including one on prospects in copper mining chaired by Abraham Chahuán
- These sessions will include the CEO's of the most important mining companies around the world, who will share their vision of future mining, and how they have been successful in their relationship with the communities in the area of influence.

Objectives

- To advance knowledge about the potential of natural resources, particularly regarding gold, silver and copper geology.
- To promote new business opportunities not only in Peru, but throughout the Latin American region.
- To report on the new gold and silver mining projects mainly in Peru and the region.
- To learn the opinion of analysts and experts regarding market trends and perspectives and their influence in the world economy.
- To communicate the important role that mining activities play in Peru's development and in the countries of the region.
- To contribute to business integration through the establishment of strategic partnerships.

Target Audience

Invited to this event are business people, investors, authorities and government officials, executives, analysts, and practitioners from:

- Mining companies
- Financial institutions
- Government agencies
- Jewelry and manufacturing companies
- Business associations
- Consulting companies
- Law firms
- Goods and services vendors of the mining industry, and others.

Turnout

- Since its first edition in 1994, the flow of participants has been increasing from one edition to the next. Along these years the average of registered participants has been between 700 and 800.
- In the last edition (2018), attendees exceeded 700 coming from 12 countries around the world (Australia, Brazil, Canada, Colombia, China, United Kingdom, Switzerland, Sweden, United States of America, and Peru).
